EPA Registration No.: 10324-47

Applications Dated: January 20, 2012

Dear Ms. Tannehill,

This letter is intended to make corrections to the Agency letters dated March 20, 2012 for the products noted above. The following two comments apply, correcting the current comment in this letter.

1. Revise the section for Swimming Pool Use and Decorative Fountains and Pools in non-refillable containers up to and including 5 gallons to read as follows:  
"Non refillable container. Store in original container in areas inaccessible to small children. Keep from freezing. *Offer for recycling if available* or wrap and discard in trash."
2. Revise the section for Swimming Pool Use and Decorative Fountains and Pools in containers over 5 gallons to read as follows:  
**"Pesticide Storage:** Store in original container and place in locked storage area. Keep from freezing. Do not contaminate water food or feed by storage or disposal.  
**Spill or Leak Procedures:** Small spills may be mopped up or flushed away with water or absorbed on some absorbent material and incinerated.  
**Pesticide Disposal:** *Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to the label instructions, contact your State Pesticide or Environmental Control agency or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.*
